

## Student Council

### **Welcome to Student Council.**

Student Council is an opportunity for CMS students to help make important decisions that will impact the school and surrounding community. The purpose of the Centennial Middle School Student Council is to promote school spirit, represent the interest of all students at CMS, provide and participate in opportunities for community service, and promote citizenship.

The application and election process takes place each fall. Students must complete an application, obtain three recommendations, submit their current grades, and give a speech prior to the election. Three students from each team are elected to serve as student council representatives. Student Council meetings are held every Tuesday morning for an hour before school starts.

### **Student Council is responsible for organizing:**

\*Canned Food Drive
